ONLY EXTERIOR WALLS were left standing after fire had swept this residence of the Willard Klepfer family on 108th ave., near 169th st., Orland township. Fire broke out in the afternoon, last Thursday, while all members of the family, but a crippled son, were away. He escaped the house and neighbors turned in an alarm.

Elect 21 L-W Students To Natl. Math Society

Twenty-one students at Lincoln-Way high school were honored this week by election to membership in Mu Alpha Theta, national high school and junior college mathematics club.

The announcement was made by Dr. Harold Humeke, national secretary-treasurer, who is an associate professor of mathematics at the University of Oklahoma where the national office of Mu Alpha Theta is located.

As minimum requirements for membership, a student must have completed with distinction at least four semesters of college preparatory mathematics and be enrolled in the fifth semester. He also must have an overall grade of at least a "B"

in all of his high school work. Mrs. Della Hussey is the sponsor of the Mu Alpha Theta club at Lincoln-Way. Students honored by election to membership include:

Raymond Jast, Carol Jeanne Jones, Michael D. Keating, Paul Dennis Kervin, Georgeann Janner, Patricia Hartnell, Thomas Charles Hamilton, Janice Lynn DuBlen, Charlotte Ann Chandler, Darold C. Engel, Frank Holt, Ronald Denson, William Batson, Pamela Joette Petnuch, Linda Susan Wilkosz, Martha Otto, Marguerite Olson, Lynn Kubin, Janice Christine Tew, Dean Rodeghero and Lorine Lee Miller.

Joliet High School Hires L-W's New Football Coach

A couple of weeks ago Lincoln-Way high school announced it had hired Daniel Wisniewski as its varsity football coach for the next school year. This week Supt. A. Hunter Chapman had another announcement -- he is looking for a football coach.

Joliet township high school, with two new schools to outfit with equipment and personnel by next fall, reportedly called Wisniewski and offered him a tidy sum over what his salary would be at Lincoln-Way. As head coach at Lincoln-Way Wisniewski's salary would have

been \$6,650. It is understood that Joliet offered him \$1,100 more.

A resident of Plainfield, Wisniewski has been at Lincoln-Way for the past year and served as frosh-soph grid coach and also as wrestling coach. He teaches English. He will be assigned to the east side school. He was hired by the Joliet board Tuesday night.

Supt. Chapman said this week that he has several prospects in mind for the football coaching post. He did not, however, disclose their names.

Lions To Sponsor Concert By Glee Club From U. Of I.

The Varsity Men's Glee club of the University of Illinois will give a concert at Lincoln-Way high school the night of April 17.

Appearance of the glee club in this area is one of several concerts the famed choral group is to give in the course of its spring tour, April 16-20. The men will sing at Chicago, Dundee, Carpentersville, Oak Lawn and Maple Park.

The glee club is coming to Lincoln-Way under the auspices

of the Lincoln-Way Lions, who hope to make some money on the deal for their school projects.

There are 650 seats in the school auditorium and the Lions hope to have them all filled at \$1 a seat. It will be necessary to have a full house if the project is to show much of a profit, it was said, because the club has to be paid and provided for. Tickets may be purchased from the Lions or at the door the night of the concert.

Correction In Story Concerning Registration

There were two errors in the story published last week relative to registration of voters for school elections.

Last day for registration is next Monday, March 16, March 16 is also the last day for registration for the April primary.

In the school registration story last week it was stated that voters could register up to election day. Also in error was the statement that voters in Ann Rutledge school district could register at the school. They must register at the home of the registrar, Mrs. Edna Wiegell, at 78th ave. and U.S. 30.

The school elections will be held April 11, the primary election, April 14.

Man Injured When Train And Truck Collide

Al Mitera, 52, of 167th and Wolf rd., Orland township, was injured March 5 when the concrete truck he was driving, owned by the T.H. Davidson Co. of Orland Park was struck by a train on the grade crossing at 106th and Central ave.

Mitera was taken to Christ Community hospital where he was treated for multiple cuts and bruises.

According to the report the accident occurred about 2:45 in the afternoon. There are no guards or warning lights at the crossing, it was said, and Mitera did not see or hear the train until he was on the tracks. He then reversed the truck but was unable to get it off the track in time.

The train involved was operated by the Indiana Harbor Belt line.

AUXILIARY POLICE

The Will County auxiliary police will hold their regular meeting Sunday evening, March 15 in the supervisors room at the court house in Joliet.

Seven Left Homeless When Flames Destroy Dwelling

A family of seven was left homeless when fire, believed to have been started by an overheated furnace, destroyed a 14-room two-story frame home on 108th ave., near 169th st., in Orland township last Thursday afternoon. Two Mokena firemen were injured.

The property was owned by Willard and Helen Klepfer. They resided there with five of their 11 children, Frances, 15, Richard and Irene, twins, 17, David, 16, and Willard, 28.

Klepfer, who is employed at the International Harvester plant in Chicago, was at work; Mrs. Klepfer was visiting a daughter, Mrs. James (Shirley) VanAlstein, at Hammond. The younger children were not home. Only Willard, who is crippled and has defective vision, was at home when the fire broke out.

With a pet dog he succeeded in making his way out of the house and was near the road, shouting for help, when a neighbor, Mrs. Helen Steeples, 108th ave., drove by. She saw smoke and hurried to a nearby house to call the Mokena fire department. This area is within the Mokena fire protection district. The time was 4:15.

When she returned to the scene she found others there and someone put in a call for the Orland Park fire department. Fire Chief Robert Rust put in a call for help when he arrived, and the Mokena and Orland departments were joined by firemen from New Lenox, Homer and Tinley Park. In all there were 65 or 70 firemen at the blaze.

The fire was brought under control in two hours but crews remained at the scene until 11 o'clock, wetting down the embers.

Walter Lock, 33, who is employed at the Electro-Motive plant in LaGrange, suffered a cut hand, and Wesley Schultz, 26, an employee of the New Lenox Lumber Co., sprained his right ankle while fighting the blaze. Both are residents of Mokena and members of the fire department.

The son who was at home when the fire broke out was taken to the home of Ralph Morrissey, in the area and later taken to the home of Mr. and Mrs. George Scheber, 14409 Irving, Orland Park. Mrs. Scheber and Mrs. Klepfer formerly worked together. Later that evening Willard went to the home of his sister, Mrs. VanAlstein, at Hammond. The other members of the family also found shelter there.

Fire Chief Robert Rust, of the Mokena department, said

that he talked with Mr. Klepfer and the latter said he had only a small amount of insurance. He had added an addition to the rear of the original dwelling so the house had 14 rooms. The house is on a 10-acre tract facing 108th ave. Altho located in Orland township the

Klepfers receive their mail out of Tinley Park.

Later Klepfer discovered that he had no insurance. He is endeavoring to fix up the barn so the family will have some place to stay. Some people have brought food and furniture to help the family out.

Mokena Losing Money On Installing Water Meters

More discussion concerning water meters was had at the regular Mokena village board meeting last week but no definite action was taken.

Trustee Marvin Weitendorf pointed out that the practice of charging a user \$30 for a water meter was a losing proposition, inasmuch as a meter costs the village \$31.15. He said he believed the village should fix the fee at \$35.

There is nothing in the ordinance setting forth the amount to be charged for a meter, Village Attorney Ronald Galowich stated, so the \$35 charge could be imposed. The attorney thought the village should charge \$35 for the use of a meter and retain title to it, rather than sell it to a user.

He also stated, in response to a query by Weitendorf, that the ordinance covering meters could be amended to include installation of a "Read - A - Matic," where meters are inaccessible and difficult to read, at the cost of the customer. The "Read - A - Matic" sells for \$13.95.

Galowich suggested that the ordinance be so changed as to provide for the user to purchase a "Read - A - Matic" and if he refused the village should

install it and put it on his water bill.

Clyde Yunker was authorized to install a new fire hydrant to replace the one in service at Midland ave. and Front st., and is to repair others when the weather permits.

Weitendorf is still looking for a man to read and repair meters, and also give a hand in guarding school crossings when necessary. Charles Burkhardt, who had had this duty ill and not expected to return to the job for several weeks, according to Trustee Gary Chase. Police Chief Roy Newton and Doc White, who is in charge of maintenance work for the village, have been serving as crossing guards but Chase believes the board should hire someone for this post as the duty interferes with the working schedules of Newton and White.

Trustee Clarence Zugenbuehler urged that action be taken soon on having dog owners bring in their pets for inoculation against rabies and at the same time purchase their license tags. Village Clerk Alvin Sorensen is to make arrangements with Dr. Thomas J. Gunhouse for the inoculation for later this month or early in April.

Frankfort Kindergarten Safe For Another Year

The Frankfort grade school board will continue to operate the kindergarten for at least another school year, it was decided at its last meeting.

It was also decided to divide the eighth grade into two sections next year. Thus every grade, except the third, will have two sections to meet the increasing enrollment. The third grade does not have sufficient enrollment to warrant such a move.

Sixteen classrooms will be needed to meet the situation, according to school authorities. Now available are 12 classrooms, a combination educational television and choral room, and a science laboratory. To house the classes next year, it was pointed out, it will be necessary to convert the television room and science lab into classrooms, at least on a homeroom basis. This will leave two rooms necessary to meet the needs and the board expects to find these in one of the churches.

With more classes more teachers will be needed. It was brought out at the board meeting that at least four new teachers must be hired which will bring the number on the staff up to 19, of whom 16 will be employed on a fulltime basis.

Because of the growing school population the board is giving serious consideration to a possible building program with in the near future. A brief survey was presented to the board by Supt. LeRoy Olson relative to the enrollment picture.

Rehiring of the speech correction teacher for the next school year was authorized.

The board also asked the superintendent to obtain a letter of opinion pertaining to tax anticipation warrants the district is expected to issue in April or May. Due to the cur-

rent confusion in the area of tax assessments, it was brought out, the school has been told that taxes it could expect in June would not be forthcoming until the fall, possibly October. Thus tax anticipation warrants issued this year will be for a longer period than in a normal year.

The board also approved the superintendent's recommendation to establish an honor roll system in the three upper grades in the 1964-65 school year. The mechanics of the program will be developed by the superintendent and the faculty within the next few weeks.

JUNIOR TROOP 385, Mokena Girl Scouts, open meeting with flag ceremony. Holding the United States flag is Candy Fee, and back of her is Brenda Marshall. The girl in the center with the troop flag is Brenda Roberson and to her left is Janet Richardson, the scout in charge. The miniature flags were presented to the troop by the Mokena VFW Auxiliary.

New Officers Of Junior Girl Scouts Take Posts

Junior Troop 385, Girl Scouts, at Mokena elected new patrol leaders at the March 2 meeting. The new leaders, who began their duties March 9, are Janice Peterson, Cheryl Miller, Candice Fee and Judith Sellers.

During the course of the meeting, new patrols were chosen and the groups discussed badge work, proper display of the flag, the cookie sale and emergency first aid.

Rededication ceremonies and international friendship were

the subjects of the previous program. At that time, a court of honor was held. Girls receiving their Brownie wings were Carolyn Bormet, Virginia Carroll, Michelle Coffman, Pamela Fant, Sharon Neuls, Joy Richards, Kerry Stewart and Kathy Warning. Collector's badges were earned by Candice Fee, Karen Rauch and Cheryl Miller.

The March program will stress skills needed in the outdoors and preparation for camping.

Grade School Vocalists Will Compete At Mokena

Mokena will be host (Willowcrest school) on March 20 to the vocal music division of the fine arts contest of Illinois Elementary School Association. Solos and ensembles will begin at 4 o'clock and choruses will be at 7 p.m.

There will be a pre-contest concert on Sunday, March 15 at the Carpenter Street school at 3 p.m. All parents and friends are invited to hear the soloists, the ensembles and the choruses, who have been trained by Mrs. Jeane Clark.

The soloists will be Elaine Gilbert, Roberta Lang, Linda Soderberg, and Diane Tuttle.

There will be seven ensembles, two mixed, one boy's and four girl's, as well as two mixed choruses - one of 6th grade boys and girls, and one of 7th and 8th grade boys and girls. Accompanists will be Kathy Rauch, Jane Swanberg, and Mrs. Wesley Sievert.

Singing in the 8th grade girls' ensemble will be Barbara Schultmann, Bobbi Jo Smith, Marla Fant, Barbara Richardson, Diane Tuttle and Roberta Lang.

In the 7th and 8th grade mixed ensemble will be Danny Dina, Susan Papke, Scott Stewart, Roxanne Knakmuhs, Maureen

Skeldon, and Jim Lang.

The 7th grade girls' ensemble will have Linda Helgeson, Elaine Gilbert, Linda Soderberg, Roxanne Knakmuhs, Maetha Mutsch, and Kathy Rauch.

6th grade girls' ensemble will have Bonnie Wallschlaeger, Susan Schutte, Barbara Manneil, Kedra Welsh, Anita King and Carol Hanson.

Sixth grade boys will also have an ensemble number. The boys are Tim Homerding, Al Carlson, Charles Bills, Roger Sippel, David Kohl, and Will Tuttle.

A mixed ensemble of 6th graders will be made up of Laurie Baudry, Debbie Fortman, Joann Clark, Jan Fant, David Bills, and Eddie Istel.

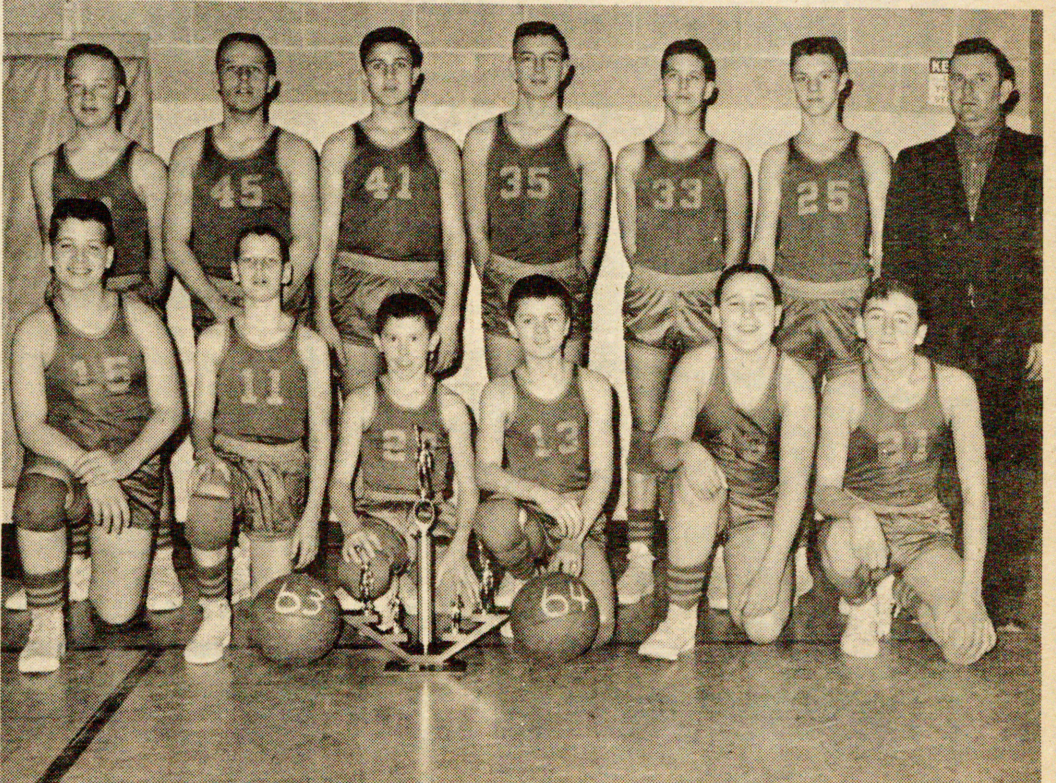

Another ensemble of 6th grade girls will be made up of Sally Richeson, Becky Arnold, Shirley Janner, Sharon Schrank, Dee Ann Bressler, and Nancy Lehmann.

The eleven schools participating are New Lenox, Manhattan, Washington school of Chicago Heights, Wolcott of Thornton, Lansing, Wheeling Steger, Reed, Ludwig and Taft of Lockport and Mokena.

Chorus mothers will serve refreshments for the visiting schools.

PRESENTING 1963 Premier Boys State Illinois Year Book to Supt. A. Hunter Chapman, to be placed in the Lincoln-Way high school library, are Daniel Hecht, past county commander of the Will county council of the American Legion and Americanism Officer of Bobzin-Swinford post No. 1098, Frankfort, and Herbert Grotewold, Lincoln-Way senior who was sponsored by the post last year to attend the session of Premier Boys State held at Springfield the last week in June.

CHAMPIONS - The New Lenox grade school heavyweight basketball team captured the championship of the DesPlaines Valley Conference tournament by defeating Manhattan 48-32 in the championship game. The heavyweight team finished the season with a 19-4 won-lost record. They were also undisputed champions of the DesPlaines Valley Conference with an 11-2 record. Left to right, front row: Larry Martin, Jerry Jensen, Gary Moss, Terry Wrobel, Bill Tyler, and Jerry Szepelak; back row: Don Schroeder, Barry Pfeiffer, Bill McCure, Bob Randolph, John Hagen, and Bob Paulsen, and Coach Thurman Bolerjack. Hints For Homeowners

BY: JAMES FIZZELL, ASSOC. FARM ADVISER

One of the most important parts of having a good lawn is maintaining proper fertility levels. While a soil test will help you establish the availability of plant nutrients in the soil, unless you have already applied fertilizer to your lawn, you can be fairly certain that nitrogen will be lacking in sufficient quantity to stimulate active growth of grass. Nitrogen is usually the most deficient grass nutrient since it is used by plants in relatively large amounts. It also leaches from the soil or is otherwise easily removed. Nitrogen can be replaced in the soil through the application of any of a variety of common nitrogenous compounds.

A complete fertilizer can be used to supply nitrogen, phosphorus, and potassium, 10-8-6, 10-8-4, and 15-5-5 are examples of complete fertilizers recommended for use on lawns. In 10-8-6 the 10 indicates the percentage of nitrogen contained in the fertilizer material, 8 the percent phosphorus (phosphoric acid), and 6 the percent potassium (potash). Thus 100 pounds of material would contain 10 pounds of nitrogen, 8 pounds of phosphorus and 6 pounds of potassium.

There are four general classes of nitrogen fertilizers: ammonium, nitrate, natural organic and synthetic organic. The ammonium and nitrate materials are relatively inexpensive and quick acting. These materials are soluble, and should be used at relatively low rates to prevent burning and still maintain adequate soil nitrogen. Frequent applications of small amounts of ammonium and nitrate materials will usually give satisfactory results. Ammonium nitrate, a common fertilizer, contains both nitrate and ammonium nitrogen.

The organic fertilizers, such as activated sewage sludge and animal tankage, contain nitrogen in quite variable

amounts, and may also contain phosphorus and potassium. Organic nitrogen is usually in a water-soluble form and will not cause burning of the turf when supplied in large amounts. The availability of this form of nitrogen is dependent upon weather conditions. In cold weather nitrogen may NOT be released in adequate amounts for good plant growth. Warm and humid conditions cause more nitrogen to become available causing the grass to be in a succulent condition at an inopportune time. The organic fertilizers may improve soil conditions by adding a certain amount of organic matter to the soil.

Synthetic organic nitrogen (urea-form) is a recent development in the fertilizer industry. The urea-forms have a relatively uniform release of nitrogen. This material is rather long lasting. In many areas one application of urea-form per season will give satisfactory results. It is safe to use, and doesn't cause succulent growth. The expense of this material is one of its chief drawbacks.

There are many recommendations for lawn fertility programs. Most of these programs will give good results. A common recommendation made for home lawns is two applications of fertilizer a year. An application of two pounds of actual nitrogen per 1000 sq. ft. applied in March and again in early September should give good results. It must be remembered that this is actual nitrogen and not the rate for the material as it comes from the bag. For the more vigorous lawn such as Merion blue grass two more light applications can be made, in addition to the fertilizer applied in March and September. Sometimes better results are obtained with more frequent applications at lighter rates.

Another recommendation is for urea-form at a rate of fifteen pounds of material from the bag per 1000 sq. ft. applied either in the spring or fall.

Applications of twenty pounds of urea-form per 1000 sq. ft. of lawn were made at the University of Illinois turf plots last season, and provided sufficient nitrogen all year without injury. Liquid fertilizers are becoming more widely available. In selecting which type of material to use check the ease of application and the cost of the nutrients supplied. Remember that with fertilizers it is not the container that counts, but what's in it.

Business & Finance

BY MAURICE P. ANGLAND

Iron Age magazine reports a large capital spending is starting. This development has been expected and reported in the leading financial and business magazines, for some time. The augmented capital spending is expected to be particularly strong in steel, automobile, machine tool and appliance industries, according to this magazine.

The machine tool industry is especially sensitive to industrial expansion demands. A study of stock market price and dividend levels of the machine tool industry and level of capital spending, shows a very close relationship. Iron Age expresses belief that sales of this industry will be its best for a peace time year and probably exceed \$1 billion.

Upsurge in the industry is reflecting the cyclical increase in demand for consumer durable goods as well as the depreciation allowances and also the 7 per cent investment tax credit.

The news reports that 1964 steel industry capital expenditures will be some \$300 million greater than previously estimated and total about one billion 800 million dollars.

The Calumet area is receiving a large part of this expenditure on new steel making facilities. Bethlehem Steel is expected to have its Burns Ditch plant in production some time about the year - end. The steel mills in the area of the southern tip of Lake Michigan, produce more steel than any other area in the world and more than the total production of all Western Germany. Present production is being expanded due to rapid development of industrial potential of the midwest.

Increases in labor costs have made most industrialists keenly aware of the need for economy and efficiency in the whole production process.

The competition for the housewife's dollar of food purchases, has been especially keen in the last few years. The net profit of grocery chains

declined sharply from 1957 to 1963, but are stated to have leveled out now and it is hoped the profit margins will start showing an increase.

Competition of the giants in the super markets has been really keen with each chain experimenting as to how to best operate at a profit.

Forbes magazine in lead article in Feb. 15, 1964 issue, reports it was not uncommon for a supermarket to realize between 30 and 40 per cent on invested capital, but that return is likely to be between 10 and 15 per cent now. The return now could not be labelled as small, but the decline has caused considerable study by industry analysts.

Food distributors have found serious competition in discount stores. The National Association of Food Chains has checked prices in discount store areas and reports on the studies of three such discount stores with food departments.

The report noted that discount houses could afford to sell food at cost or even lower because, by doing so, they attract shoppers to the non-food items on which profits, even after the "discount," compensate for food losses.

Forbes also comments on the fact that there has been a resurgence of the independent grocer as supermarket operator thru effective cooperatives and individual ownership and operation with this organized and professional aid.

April will be an exciting month for the Harlem Globetrotters, who play their annual charity basketball game with the United States Stars at the Chicago Stadium on the 1st, close their regular winter schedule of 161 games on the 8th and open their 15th annual tour of Europe on the 30th in London, England.

The Stadium tilt against the picked array of 1964 college and pro stars shapes up as the most important on this season's slate for Abe Saperstein's "magicians of basketball". A name college coach will be selected to lead the stars against them.

This game will be part of a colorful exciting doubleheader. The first fray at 7:30 will pit the Chicago Bruins, all Chicago Bears football players, against

the "Media Marvels", who will comprise newspaper, television and radio personalities. It's a rematch of a 21 to 21 tie of last year.

Expected to see action for the Bruins are Mike Ditka, Mike Pyle, Ed O'Bradovich, Ronnie Bull, Willie Galimore, Johnny Morris, Rudy Bukich, Bob Kilcullen, Bob Wetoska, Angelo Coia, Steve Barnett and Joe Marconi. Names of their opponents are being kept secret so as not to "alarm" the world's champion gridders turned basketballers.

The gala program will be further spiced by the Globetrotters' added international entertainers and other features. Tickets have gone on sale at the Stadium.

Will County Has 91,351

Motor Vehicles Registered

Of the 4,326,789 motor vehicles registered in Illinois in 1963 there were 91,351 issued in Will County.

The total amount of license fees in the state came to \$103,713,528 of which Will county owners paid \$2,152,306 or 2.067 per cent.

There were seven counties, besides Cook, in which the license fees exceeded the \$2-million mark.

Motor vehicle owners in Cook county, outside Chicago, paid in 18,224 per cent of the total fees in the state, and Chicago owners contributed 24.45 per cent. In Cook county outside of Chicago there were 789,223 vehicles registered; in Chicago, 1,072,397. The fees the licenses on Cook county outside Chicago totaled \$18,870,432; in the city, \$25,353,320.

A break-down for Will county shows 76,568 passenger cars; 81 taxis, livery and ambulance vehicles; 10,014 trucks and buses; 3,898 trailers and semi-trailers and 636 motorcycles

and motor scooters.

In Cook county there were 697,639 passenger cars outside Chicago and 933,608 in the city; trucks and buses numbered 54,735 outside the city and 75,277 in Chicago; trailers and semi trailers totaled 30,604 outside the city and 52,286 in Chicago.

"I had a VW bus - but I switched to a Ford Country Squire Wagon. Now my drive from Wilmette to downtown is actually a pleasure—the ride is solid and sure. And with 7 kids, we sure appreciate all the extra room."

Ford changed...so did we!

Don't take Ford's word for it. Read what '64 Ford owners say, then test-drive a Ford before you buy any new car.

MR. JAMES D. MARTIN, CHICAGO

"I had another make of car for awhile. But I switched back to Ford this year. I'll never drive another kind of car again. I'm a Ford man now for good."

MRS. THOMAS BRODERICK, CHICAGO

"When we were shopping for a new wagon, we looked at several makes—Chevrolet, Buick and Plymouth. We finally picked a Ford Country Sedan. The vinyl interiors are wonderful—they wipe clean with a damp cloth. And this wagon holds everything—two parents, 7 kids and all our suitcases."

MR. ROBERT PETERSON, SKOKIE

"Before I bought my '64 Ford, I put it—and a '64 Rambler—through the toughest test drives I could find... 9 miles of bumpy roads, highways, tight corners and all the rest. I was very much impressed with the way the Ford rode smoothly on all surfaces, and the way it accelerated. This is really a fine car."

"BILL" BARR SPEAKS ON CAMPAIGN ISSUES!

A Democratic Pledge . . .
All Things to All People

(Bill Barr continues with his policy of discussing specific issues confronting the Republican primary voters on April 14. He is the only 14th Congressional District candidate who has taken a positive stand on the issues . . . and afforded positive answers to the problems.)

"Those people who think the danger of socialism is exaggerated in the United States need only scan the text of President Johnson's recent state-of-the-union message to the Congress.

"That infamous message contained blatant promises to every level of the American economy . . . to every segment of the American people.

"Creeping socialism is becoming galloping socialism under the careful guidance of the Democratic administration. Sooner or later, the American people are going to realize that it is impossible for our government to be all things to all people.

"Those who would still doubt that it is the Democratic intention to socialize our nation need only examine two of the administration's pet projects . . . projects that will be jammed down our throats unless we elect positive Republicans to positions of responsibility and trust within our government.

Medical Care for the Aged
"One of President Johnson's top priority bills in Congress is the so called Medicare legislation. Under casual examination, Medicare is made to sound attractive. It is almost unpatrician. Democrats would have us believe, to deny medical care and protection to our senior citizens.

"Under the proposed King-Anderson Bill, Medicare would become a program financed by social security funds. Social Security levies would be increased and the level of payment would jump from its present \$4800 maximum to \$5200.

"In the first place, the King-Anderson bill places the responsibility for financial support on those in income brackets least able to afford to pay the social security increase. And in the second place, such legislation will add to spiraling inflation because it will remove dollars from circulation at the low and middle income level.

"And more important, many thousands of senior citizens who do not qualify for social security, would be denied medical care under King-Anderson.

"How many people know of the Kerr-Mills bill, legislation introduced and supported by Republicans, to take care of medical expense for senior citizens who are unable to take care of themselves?

"The truth is that Kerr-Mills has been hampered in Democratic controlled Illinois because it provides solutions that

would make King-Anderson useless. Kerr-Mills is being deliberately sabotaged as King-Anderson is being pushed for the express purpose of buying votes in predominately Democratic areas.

"Kerr-Mills, properly publicized and administered, along with private medical insurance group programs, are more than adequate to handle the problem of medical care of the aged.

"I would like to point out that I have been in opposition to King-Anderson since its inception. I am the only candidate in the 14th Congressional District endorsed in writing by Dr. Leonard Larson, immediate past president of the American Medical Association for my continuing battle in opposition to King-Anderson.

Federal Aid to Education
"Each of my opponents has stated in public meetings that he is unalterably opposed to federal aid to education.

"The fact of the matter is that we have always had federal aid to education in the form of land grants and building subsidy to institutions of higher learning . . . colleges and universities.

"I am opposed to federal aid to education as proposed by the Johnson administration at the primary and secondary school level. With federal aid comes federal control.

"If we accept primary and secondary aid to education then we must be ready to accept the curriculum controls that go with it. Are we ready to have Washington tell us what subjects shall or shall not be taught to our children?

"The administration program will have the practical result of nationalizing our public schools and taking control of our public school systems away from the school board officials we elect at the local level.

"On the positive side, we have been able, thru local bond issue and local incentive, to multiply our school systems 100 times since 1950. We have proven that we can take care of our own with local money and local control.

"It is imperative that we reject such federal aid, no matter how attractive the package might look.

"What can we do at the local level to stem the tide of socialism being forced upon us by the present Democratic administration?

"We can elect positive Republicans at every level of government, local, county, state and national. We can, by demonstrating Republicanism in action, tell President Johnson and his so-called new-frontiersmen that we want none of their 'strings tied' federal aid."

(Next week, Bill Barr continues with his frank discussions of the issues.)

Mrs. Frannie Lauffer and Mrs. Laura Anderson, Mr. Thomson, school custodian, has been very cooperative during rehearsals.

Because of illness and a shortage of transportation, the February meeting of King's Daughters was canceled Thursday. The next meeting will be April 2.

Several children from 33-C have been ill with measles and flu during the past few weeks. On Wednesday, Jerry Paddock, seventh grader, broke his collar bone while on the school playground. He is uncomfortable at present, but the bone is doing well.

Mrs. Marie Bonnuchi is recuperating from recent surgery at her home on Parker Rd. Miss Margaret Smith of Wynnet was a weekend guest of her sister, Mrs. Don Aspel on E. Seventh St.

Merritt J. Cagwin, Bruce Rd., was among those who accompanied the FFA night class from Joliet High on Tuesday of last week, when they went by chartered bus to Rochelle, Ill., to visit a Swift and Co. packing plant.

Mr. and Mrs. A.R. Kuhns of 139th St. are announcing the engagement of their daughter, Ruth Lois, to Donald Blasing, son of the George Blasings of Cedar Rd. and Rte. 7. An August wedding is planned. Both young people are graduates of Lockport High. Miss Kuhns works for the Prudential Insurance Co. in Chicago; George is an employee of Corn Products at Argo.

On March 15, the combined Lenten Church service will be held at First Methodist Church, Lockport, when the Rev. Earl Matson will be the speaker. Special music is by the host church choir.

Last Sunday evening, Mrs. George Burcham took a carload of Homer women to the service at First Congregational Church.

Laurie White, Peggy Aspel and Bobby Shepherd III, are among those who have been ill this week. Bobby has the measles.

Mrs. Robert Shepherd Jr.

will celebrate her birthday along with St. Patrick on March 17.

Northwest Homer Fire Dept. went to the aid of Orland Park in combating a fire in a large farmhouse Thursday night. Several others were also called.

DEATH OF MRS. VOIGT
Funeral services were held Wednesday afternoon at the Blood and Grant Funeral Home in Joliet, for Mrs. Roy Voigt (nee Minnie Fritz), 79, who died Sunday, March 1, at the Johnson Nursing Home, Joliet, after many years of poor health. Rev. Stanley Cox officiated with burial in Brooks Cemetery.

Mrs. Voigt, who spent most of her life in and around Joliet, lived in Homer twp. for a few years where she was a well loved friend of those who knew her. She was a member of the Royal Neighbors of America and of the Homer Congregational Church. She was the daughter of the late Mr. and Mrs. William Fritz, and the wife of LeRoy John Voigt, a Joliet tailor, who died in 1952.

She is survived by three daughters, Mrs. John (Amelia) Woodman of Glen Ellyn; Mrs. Thorval (Erma) Larsen of New Lenox; and Mrs. Wrey (Alice) White of Homer twp.; five grandchildren; 11 great-grandchildren; one brother, Herman Fritz of Joliet, and several nieces and nephews.

Children's Group To Stage Play Sunday

BY KATHY LASALLE

One of the most deserving types of theatre is that of plays presented for children. One group which presents these plays is located in this area, the Mercury Theatre Players. Newly formed and truly excited over the big event which is coming up March 15, at Palos Park, the Mercury Players have decided to give the proceeds of this performance to the Joseph P. Kennedy School for Exceptional Children.

The play to be presented is the Jon W. Smith version of "Rapunzel and the Witch." This play is truly delightful from the very beginning scene when the children in the audience will find out just what a "witch" really is, to the very end when a "good" witch saves Rapunzel by means of whimsical magic spells.

The whole play, from the beginning to the end, provides for delightful theatre. Curtain times for the March 15 will be at 5:00 p.m. for the first show and 7:30 p.m. for the second show. It will be presented in the Palos Park village hall, 123rd and 89th ave. Tickets are on a first come, first serve basis at the door. People who come late and find that there are no seats available are asked to buy their tickets immediately and return for the second show at 7:30 p.m. The entire play lasts 76 minutes.

The Mercury Theatre Players are registered with the Children's Theatre Council of Boston, Mass. Any interested teenagers, ages 12 - 18, may call GA 4-4991 immediately to find out just what is open in the way of acting, costuming, set design, or stage crew chores. Good experience will be the outcome of joining the Mercury Players.

SWSCoaches Select Star Cage Teams

Lincoln-Way and Carl Sandburg high schools each placed a man on the all Southwest Suburban conference basketball team. The team members were selected by the coaches.

Howard Grimes, who wound up in third place in the conference in scoring was the Lincoln-Way player chosen for the all star team and Jamie Roberts, the Eagles high scoring marksman, was the choice from Sandburg.

Homewood-Flossmoor, conference champions, placed two men on the team, Gregory Wright and Jim Frye. These two, with Bruce Ruzgis, of Oak Lawn, high scorer of the league, were the unanimous choice of the coaches.

The other members of the team are Bill Beckwithm, of Bremen, and Mike Deshon, of Rich East.

Members of the second team are: Larry Alsbrook, Rich East; Richard Hlavek and Pat Heniff, both of Carl Sandburg; Joe Samojedny, of Bremen, and Warren Devries, of Oak Lawn.

Need Of Money Seen In Orland School Program

As reported last week a team of inspectors representing the office of the state superintendent of public instruction that visited the Orland schools made a report containing recommendations and suggestions. This report was sent to Supt. Norbert Jerling.

Following their written report evaluating the Orland schools, state and county officials were invited to a meeting of the board of education for a discussion of four of the recommendations:

1. "Continual planning should be done to provide the necessary facilities and the finances to build on to the basic program that has been established in the school district. Needed in the not too distant future because of the growth of the district, will be additional bond issues and a tax referendum which is imperative for the district to maintain the present standard or to progress to their desired goals.

2. "The music, art and physical education program should continually be expanded to meet the needs of all the young people of the school district.

3. "Studies should be made by the board of education and the school administration to provide the 7th and 8th grade students with opportunities in the areas of home-making and industrial arts.

4. "Additional library materials should be developed and an instructional material center planned for each school in the school district. It will be necessary to provide adequate personnel to provide the necessary services for the instructional materials center."

Board president, E.T. Bengtson, stated that the Board is keenly aware of the need for additional operational funds. The state aid bill, which was defeated last summer, has compounded the present and long-range plans for financing as well as broadening the school program. Mr. Bengtson pointed out that the problem of providing the necessary facilities to keep pace with the growth in student enrollment is also a matter of prime concern to the board.

Supt. Jerling stated that continued improvement of the school program can take place only if additional funds are provided, noting that the educational tax rate has remained the same since 1951.

The board was unanimous in its opinion that the community should be informed of the state's recommendations if it hopes to receive the support which will be needed to maintain the high standard of education which has been established in the Orland schools.

Make Plans For Annual Triple "Y" Day Camp

The dates have been announced for the 1964 season of Triple "Y" Day Camp. There will be four two-week periods beginning June 29. According to William E. Cairnes, 119 South Old Creek Road, Palos Park, Chairman of the Southwest Suburban YMCA in Oak Lawn. Triple "Y" Day Camp is jointly sponsored by the Palos Orland, Southwest Suburban, and Beverly YMCAs. The Auburn Highland YMCA also cooperates in this operation. Cairnes explained that campers will be picked-up daily at school near their homes. All activities, except instructed swimming, take place at YMCA Camp Palos.

Paul K. Zeman, 8540 West 135th, Orland Park, chairman of the Palos Orland YMCA added that Triple "Y" Day Camp is open to all boys and girls, seven thru 12 years of age.

A "YMCA membership is not necessary to participate in Day Camp," Zeman said. He also pointed out that most of the staff has already been hired

for the coming summer. "If you want to recruit good staff you have to begin early," he said. "We will have a mature, experienced and well-trained staff. The average age of those hired is 23 years. All have had camp counseling experience. In addition to this, they will undergo an extensive training program prior to the beginning of the camp season."

"Our program will be set-up on decentralized basis," Cairnes added. "A good staff is the key to a successful camp of the nature. We are looking forward to this as one of the high points in the new program approach now being developed through the cooperative efforts of these three YMCAs. We believe that this is one example of how the YMCA can better serve the residents of this area."

Further details on Triple "Y" Day Camp are available by calling the local YMCA at GI 8-3888, GA 4-8100, or BE 3-7333, it was announced.

New Lenox Board Plans To Hold Extra Sessions

New Lenox village board is to meet again March 20 and may schedule other additional sessions in order to catch up with some of its problems, it was indicated at the meeting last Friday night. The regular meeting night of the board is the first Friday of a month.

Request for signatures on a plat for Lenox Heights subdivision was tabled and sent back to the zoning board for revision. The representative of the subdivider also failed to proffer a bond.

Complaint was made to the board that an addition Eugene Carter was erecting on his property did not have sufficient side yard and it was also claimed that he had filled a natural drain followed by surface wa-

ter. He was to be contacted by a representative of the board.

Trustee Robert Randolph was authorized to get costs on a picnic table project he proposed. Randolph pointed out that by supplying the material the village could get tables and benches

made in the vocational training shops at Lincoln-Way high school.

A resolution was adopted limiting expenditures to \$50 unless approved by board action. In event of an emergency approval could be given by the finance committee unless the cost was in excess of \$1,000. In that case a special board meeting would have to be called or a telephone poll taken of board members to approve such an expenditure.

New Courthouse Project For Will Co. In "Action" Stage

The second major step toward providing a new county building-jail for Will county was accomplished with the action taken at the March 4 meeting of the Will county board of supervisors.

A resolution passed by the board provides for the transfer of the present old courthouse property at Jefferson and Chicago streets, Joliet, to the Will county public building commission.

This action puts the new county building project into the "action" stage.

Plans and specifications for the new county building, shown to board members and an audience of more than 100 civic leaders from throughout Will county.

The citizens' group was unanimous in praising the board of supervisors for taking action to replace an old courthouse that was built more than 80 years ago for a county population of under 50,000. Since then the population of the county has risen 400 per cent and is expected to increase many times more in the not too distant future.

The supervisors voted seven months ago to authorize the Will county public building commission to proceed with preliminary plans and specifications for a new county building-jail.

The public building commission is an agency empowered under state law to construct, maintain and hold title to public buildings for periods of time under a leasing provision. At the conclusion of the leasing period the buildings become the property of the governmental territory.

In Will county, the new county building-jail will be leased over a 20-year period.

Similar county buildings are now being erected under the public building commission act in Peoria and Springfield and plans are being completed for a new county building at Waukegan under similar provision.

In Cook county, the new Civic Center now under construction is being erected under the same law.

Passed by the legislature several years ago, the public building commission act has been used successfully in many areas of the state. It was pointed out, Statutes of Illinois clearly proclaim it shall be the duty of boards of supervisors to provide and maintain adequate, safe and fire-proof facilities for county offices.

The law is also clear in its purpose that provision of necessary facilities is imperative for the safekeeping of vital records and for the conduct of necessary public business by the citizens of the county.

In Will county it has been obvious for many years that the old courthouse and even older county jail had to be replaced. Only last week Circuit Judge James W. Barr ordered his courtroom closed for further use after a portion of the ceiling plunged to the floor, crushing a chair in the jurybox. Fortunately, no one was in the box at the time, it was pointed out. Observers said that a juror sitting in the chair would have been killed.

Countless Will county grand juries have directed that a new county building and jail be erected. Many orders of the circuit court have also been issued to the same effect.

Building, electrical and public health codes of Will county would force the immediate closing of the old courthouse and jail if the county applied the routine enforcement to the present courthouse and jail.

The public building commission act provides a method to allow a Board of Supervisors to abide by the laws pertaining to county facilities. Officials of the county board and the commission emphasize that the plans for the new building call for suitable and adequate provisions for present and future needs. But unnecessary frills have been omitted.

"This building will be practical and is designed with the future growth of Will county in mind and with the uppermost thought that it is to be a facility to serve the people of the county and their needs," observed Morton H. Hollingsworth, executive director of the Will county public building commission.

Whole Family Is Naturalized

Roy B. Hopkins, of 20010 Scott st., Mokena, was one of 198 persons naturalized before U.S. District Judge Abraham L. Markovitz in Chicago. Mr. Hopkins is a native of Scotland and is employed as a time estimator.

At the same time four other members of his family became citizens of the United States -- his father and mother, Robert and Margaret Hopkins, of Oak Lawn, and two sisters, Miss Helen Christine, a student, also of Oak Lawn, and Mrs. Maureen Parkhill Zuschlag, housewife, of 11020 Eastwood drive, Palos Hills.

Two Cadet Girl Scout Troops Plan Cook-out

Cadet Girl Scout Troop #335 from Mokena and Cadet Girl Scout Troop #375 from New Lenox are planning a friendship cook-out in celebration of Girl Scout Week. The cook-out will be held Friday, March 13 at Mokena Park. The girls are planning to cook the main dish at the park but will bring a potluck of salads, desserts, breads, relishes and drinks from home.

There will be 32 girls participating. The girls have planned a good time with games and singing around the campfire.

The leaders of the troops are Mrs. Robert Lang and Miss Dianne Lang from Troop #335 and Mrs. Philip Heitman and Mrs. James Smoot from Troop #375.

ENGAGEMENT ANNOUNCED -- Mr. and Mrs. Lester Helsner of 145 Locust st., Frankfort, are announcing the engagement and approaching marriage of their daughter Nancy to LeVerne Mark, son of Mrs. Arthur Mark Sr. of Frankfort and the late Mr. Mark. The couple will be married Saturday, March 21 at 7 p.m. at the Frankfort Methodist church. Invitations have been issued to the wedding and reception, but all friends and relatives are invited to the wedding.

Miss Helsner recently received her bachelor of science in education degree from Eastern Illinois university, Charleston, Ill., where she is a member of the Sigma Kappa social sorority.

Mr. Mark, who is presently a Sp/5 in the army, is attending George Washington university. He formerly attended Knox college, Galesburg, where he is a member of Sigma Nu social fraternity.

Clark To Speak At Demo Fund Raising Banquet

Illinois Atty. Gen. William G. Clark will be one of the many prominent speakers to appear at the fund-raising dinner of the regular Democratic organization of Will county, Wednesday April 8, in the Chantilly Room of D'Amico's 214.

Leo J. Meehan, chairman of the Democratic organization, said that Clark stated in a recent communication that he "was happy to come to Will county."

Clark, a practicing lawyer in Chicago for 13 years, has been active in precinct work since he was 18. He was elected to the house of representatives in 1952 and served in the 1953 session of the legislature. In 1954, he was elected to the State senate, and in 1956 and 1958 was elected to the house of representatives. He was elected attorney general in 1960.

Among his accomplishments are the establishment of a bureau of fraud as a weapon against gyp sales companies, who annually bilk the public out of millions of dollars; investigation into fraudulent operations of television repair firms, which charge for parts and repairs not actually made and appointment of a special attorney general to handle suits against pollution violators of Illinois streams.

The 40-year-old Clark attended parochial schools, in Chicago, Campion High School at Prairie du Chien, Wis., Loyola University and DePaul university.

A World War II veteran, the attorney general is a member of the American, Illinois and

Chicago Bar Associations, American Legion, Veterans of Foreign Wars, Elks Club, Moose Club, and the Delta Theta Phi Law fraternity.

Chairman Meehan said that dinner will be served at 7 p.m. preceded by a cocktail hour between 6 and 7 p.m.

There is a maximum of 700 reservations at \$10 per person. Democratic candidates will be introduced by State Rep. Francis J. Loughran, who, with Donald J. Walsh, are the regular Democratic organization's candidates for delegates to the state representative convention.

Refresher Course For Nurses Will Open March 30

The refresher course for graduate nurses to be held at Silver Cross hospital will open on March 30 and close on June 3. Mothers among the nurses interested in the course requested that it be completed by the time school will be out. Classes will be held on Mondays and Wednesdays from 8 a.m. to 4 p.m.

Of added interest this year is the holding of an equipment fair at the hospital, nurses being interested in learning about new equipment along with medicines and nursing procedures.

The fair will be held on April 7 from 9:15 a.m. to 1:30 p.m. with a number of hospital supply firms exhibiting everything from dressings and instruments to wheel chairs and office machines.

Girls Organize 4 H Club
Elect Staff Of Officers

MRS. EDWARD HOVI

Telephone: 479-5740

The recent invitation to organize a 4-H Club in Arbury Hills met with enthusiastic reception.

On Friday, Feb. 28 at 4:00 p.m., the Arbury Hills 4-H Club held its official organizational meeting at the home of Mrs. Barry Diercouff, 9304 W. Magnolia, the organizer of the group. Future projects were discussed, and officers were elected.

The officers are: Sue Smith, president; Donna Schubert, vice president; Nancy Landry, secretary; and Patricia Nyder, treasurer. Also named were committee chairmen: Diane Veltman, program; Janet Rochelle, recreation; Pamela Sandmann, song leader, and Barbara Harris, reporter.

Mrs. Diercouff and Diane Veltman will meet to discuss and plan for the future programming of the club.

Because of the large turnout, Mrs. Diercouff has announced that the membership registration will be re-opened to allow more girls to join. The new deadline for registration will be June 1.

To be eligible for membership a girl must reside within the district and be single and between the ages of ten and twenty-one. She must have reached the age of ten by July 1, 1964.

There was also a show of interest by some of the women of the area in entering into 4-H work. Because of this Mrs. Diercouff will endeavor to organize a Homemakers Extension Unit in Arbury Hills. Any women interested in joining a group of this nature, may contact Mrs. Diercouff at 479-5068.

Meetings for this group would be held on a week day morning. The dues would be \$5 a year. Deadline for expressing your interest in an organization of this nature is March 31.

The Arbury Hills Civic Association held its regular monthly meeting at the school on Tuesday, March 3 at 8:00 p.m. This was the first meeting for the new officers.

There was a report given by Dan Markowski, pertinent to the questionnaires passed out to the community recently.

Of 540 questionnaires, approximately 185 were returned. The results of the questions were as follows:

1. Do you believe a Civic Association is important to your community? Yes - 167; No - 7; No answer - 11. 2. Is the day and time of meeting convenient? Yes - 120. The greatest number who wished another day specified Saturday. 3. Is the amount of dues proper or do you consider it a financial burden? Dues proper - Yes - 133; No - 20; No answer - 32. 4. Are you in favor of incorporation of our community, and why. Yes - 59; No - 102; No answer - 24. The reason most given for not wanting incorporation was financial. 5. Do you feel your community is progressing satisfactorily? Yes - 38; No - 128; No answer - 19. 6. Do you have any particular civic matter in mind or any civic need in which the Civic Association might be of help?

A variety of answers were given here with criticism expressed concerning: no park; no stores; dogs running loose; no street lights; high weeds;

The picnic committee was also organized with Jim Mulcico and Joe Arcuri as co-chairmen. The date for the picnic will be set as soon as possible.

The next board of directors meeting will be held at the home of Joe Arcuri of 19547 South Walnut on Tuesday evening, March 31 at 8:00 p.m. This board meeting as well as all board meetings are open to the public.

One other announcement was made that in order to vote in the school board election this year you must be a registered voter. This is a departure from the past procedure.

The meeting was then adjourned shortly before 9:30 p.m.

The Summit Hill Parent-Teacher Group will hold their regular monthly meeting at the school tonight, Thursday, March 13, beginning at 8:00

no police protection; neighborhood appearance (the condition of some yards) in general; the dumping of rubbish and garbage in empty lots in the area, and the fulfilling of promises by the builder.

The place of the Civic Association in the matter of incorporation was also discussed. It was decided that the Civic Association would maintain a policy of information but no opinions from the Civic Association as an organization. There will be an attempt to obtain further speakers on the subject for future meetings.

It was also stated by Al Dornself, one member present, that there is a private group working on the matter of incorporation with petitions to be drafted soon. This will be done entirely separate from the Civic Association by a private group.

Dick Heim, president, announced the chairmen of the standing committees appointed at the recent board of directors meeting. He stated that according to the by-laws, a board member must head each of the standing committees, but could call on others for assistance.

An announcement of intention to amend the by-laws was announced as required in the thirty day notice of intent in the by-laws. These changes will include the holding of general meetings on a bi-monthly basis instead of a monthly basis; elections to be held in January instead of February; and an earlier starting time for meetings.

There would still be monthly board of director meetings, and a special general meeting could be called whenever necessary.

The next item of business was the decision to publish a newsletter either on a monthly or a bi-monthly basis to be mailed to all in Arbury Hills. The subject matter would have to be approved by a simple majority of the board of directors. Tony Surma is in charge of this matter.

Memberships in the Civic Association is now due to maintain continuous membership. The membership committee will soon start their sign-up campaign.

The community activities committee will endeavor to repaint and re-stencil the street signs throughout all Arbury Hills. Any additional volunteers will be more than welcome. Dan Markowski volunteered the Boy Scouts to re-paint the white posts in preparation for the re-stenciling.

The picnic committee was also organized with Jim Mulcico and Joe Arcuri as co-chairmen. The date for the picnic will be set as soon as possible.

The next board of directors meeting will be held at the home of Joe Arcuri of 19547 South Walnut on Tuesday evening, March 31 at 8:00 p.m. This board meeting as well as all board meetings are open to the public.

One other announcement was made that in order to vote in the school board election this year you must be a registered voter. This is a departure from the past procedure.

The meeting was then adjourned shortly before 9:30 p.m.

The Summit Hill Parent-Teacher Group will hold their regular monthly meeting at the school tonight, Thursday, March 13, beginning at 8:00

p.m. There will be a gym show following the business session.

There will be a report given at the meeting about the information obtained by the committee to have the Sabin oral vaccine distributed in the Arbury Hills school.

Unfortunately, the county nurse cannot participate in the program, because the Will County health department feels that not enough would benefit from a public program to compensate for the large volume of work necessary to set up such a program.

However, for those interested, the injection type Salk vaccine will be given on the third Thursday of each month at the Methodist church in Lockport, Bruce and Green Garden sts. This program is given under the Will county board of health. There is a nominal charge for this service. The hours for the injections will be from 9 until 11 a.m.

The Arbury Hills Kindergarten organization will meet next Tuesday evening, March 17 at 8:30 p.m. in the school.

The First Nighters held their regular get together session at the home of Mrs. Ann Maschmeyer of 9526 West Rosewood Lane on last Thursday evening, March 5. The lucky winner of the hostesses prize is Mrs. Betty Fife.

DOG SHOW

The Stone City Kennel Club will hold its all-age, all-breed, AKC sanctioned match Sunday, March 15 at Fred A. Francis 4-H field, New Lenox. The doors will open at 8:30 a.m. Admission is 50¢ for adults and children under 12 are admitted free with adults. Food will be served by the local area 4-H groups.

SHORT AND SWEET

The luck of the Irish is said to have helped many a woman catch her man . . . Leap year proposal privileges for women originated in Ireland as an official tradition in the fifth century when legislation introduced by St. Patrick spread to other European countries which also gave it legal sanction . . . In the thirteenth century France and Scotland made the observance of leap year a law . . . Italy legalized the tradition in the 15th century shortly before Columbus sailed for America . . . In England leap year had become part of common law by 1600 when legal books defined it as the privilege "ye ladies have of making love to ye men, which they do either by wordes or looks, as to them seemeth proper."

There are at least 1,000 shades of white . . . The first American to have indoor plumbing was poet Henry Wadsworth Longfellow who put a kitchen sink and toilets in his Cambridge, Massachusetts home around 1840 . . .

More than twenty-three billion dollars is spent annually on packaging in the U.S. . . . Almost one out of every six American family members is on a diet either for health or appearance's sake . . . London theater programs frequently carry the name "Walter Plinge" in the cast, which means that the part had not been cast when the program went to press.

A recent survey indicates that women spend 60 to 70 per cent of their time sitting . . . More electricity is used for the clothes dryer than any other household appliance, amounting to 96 kilowatt-hours a month . . . TV, on about six hours a day, used 40 kwbs a month . . . In the same general power-use bracket was the 11-cubic foot freezer, 43 kwbs; the dishwasher, 32 kwbs and the old 9-cubic foot refrigerator, 33 kwbs . . . The garbage disposer took on one kuh, the ironer, 16 kwbs and the automatic clothes washer, 17 kwbs . . .
